TIMETABLE / SCHEDULER GUIDE

PLEASE READ BEFORE YOU USE THIS TIMETABLE / SCHEDULER

This PDF download contains NHA's spreadsheet calendar showing the whole year's planned courses including weekday, evening and weekend classes. The first step is to download the information guide and the timetable to see what subjects are required for Certificate IV or the Diploma option of your choice to get an overall view. You can then see what subjects you will need to undertake for your chosen qualification while you plot them on the timetable.

Some courses have prerequisites; please check our information guide or online course structure before enrolling.

Some subjects, such as Anatomy & Physiology, have no pre-requisites and can be undertaken by students immediately, further many subjects can be done by way of home study with the support of required tutorials.

For subject fees please refer to our website for the current fees. Look under the academy that your qualification belongs to, and if you require further assistance please call us on:

If you are having difficulty please call NHA and our staff will be happy to assist in guiding you or providing help to assist you in deciding what you need. Our staff would be pleased to assist you in customising your course requirements to suit your career path and ambitions.

Alternatively, you can send us an email at admin@nhaa.edu.au with your requirements.

Also **NHAA offer Cert IV in Celebrancy CHC41015**

At NHA Australia there is no **"one-size-suits-all"** approach to gaining a qualification each programme is customised, as much as possible, to best meet your individual needs and circumstances.
